## Tourtour, the heavenly village of Provence

Rising to 635 meters, Tourtour touches the sky that  
Cézanne and Van Gogh once painted.

Situated between the Côte d'Azur and the Gorges du  
Verdon, it offers an escape from the crowds while still  
providing charming restaurants and terraces. Its historic  
towers and castles tell centuries of stories. The light and  
allure of the place even captivated the sculptor  
Bernard Buffet.

Here, every alley, every market, every pine grove sings the  
magic of Provence.
